Allegheny City Jan 10/57

Dear Brethren

A Committee has been Appointed to prepare a Statistical report, in reference to Colleges & Seminaries to be read in our Seminary on the day of Special Prayer designated by the Assembly. I scarcely know what to ask from you on the subject, but it may be that you have some statistics in relation to your Seminary which do not appear in your regular correspondence with us. if so, you would oblige us by communicating them to the committee, at a date so early that we will have time to embody them in them in our report. on behalf of the committee I remain yours

Fraternally
